

# **Primary Principal's Newsletter**

### School Fair

Thank you to everyone who came along to support our School Fair, in aid of Angkor Children's Hospital and Kantha Bopha, our first at the new primary school campus. It was a fun morning with many any of our stalls proving to be very popular. We also had some great raffle prizes too. Thank you to all the parents, businesses and companies who kindly donated prizes to our raffle. We appreciate your very kind donations. In total, we raised \$2594. This is an amazing achievement for everyone part of our ISSR community. Our next and final fundraising event of the year will be our annual Swimming Gala in May.

#### **Open Class Morning**

We will be holding an open class morning for all parents on Friday 5th April. Each class will be open to welcome parents. You will have the opportunity to visit your child's class and see what they have been learning about recently. It will also be an opportunity to have a look at their school books and chat with the teacher about how the children are getting on. We hope you will have the time to come along between **8am and 9am on Friday 2nd March 2018.** Early Years (Nursery - Reception 2) will be holding their open morning until 9:30am.

The school will closed on <u>Friday 15th March</u> For a staff INSET Day. Only the adults need to be in school!

> We are one, But we are many.

Children's Beginner Lessons

Monday to Friday 4-5pm, 5-6pm

Telephone: 010989088

- TC10B = \$20 (10 lessons)

Saturday 8-9am, 9-10am

- 18 years old and under

- 1hr group lesson

- Schedule

CAMBODI

#### **Assessments this week**

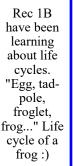

Assessments in Literacy and Mathematics are taking place this week. These tests are very important as they help to identify gaps in learning and also celebrate were our students are succeeding. Teachers will be using the results from these assessments to challenge and support the children in our final term of the year. You can help your child during this week by making sure they are going to bed early, getting enough sleep and ensuring they arrive early for school. Lateness, not only disrupts the learning of that child, but also that of the rest of the class who have their learning interrupted by the arrival of any late children. Research has also shown that when a child eats healthily they learn better. A healthy snack brought into school, such as a piece of fruit, vegetable sticks, or small sandwich, will help them stay focussed until lunchtime.

### **International Women's Day Assembly**

Friday was International Women's Day and we celebrated this by holding an assembly with the children. Ms Hayley lead the assembly and started by explaining why it is important to recognise women around the world. We also heard from sme of our female students who explained what their ambition in life is and how they plan to achieve their goal. Why not find out what your child learnt from this assemblv?

## **Kampuchea Dental Practice**

Thanks to Kampuchea Dental Practice who came in last week and offered a free check up to our children. If you signed up for this, they will be sending the results to our school soon.

Year 4 used their addition skills to go shopping in the Maths Cafe last week! There were lots of wonderful things to buy.

Year 2B enjoyed a great trip to Senteurs D'Ángkor where everyone had a great time learning about and smelling scents.

Afternoon Day Care for Reception 1 and Nursery has started. If you are interested, please see the office for information. The children are very excited about their performances and have been practising hard.
