## What's been happening

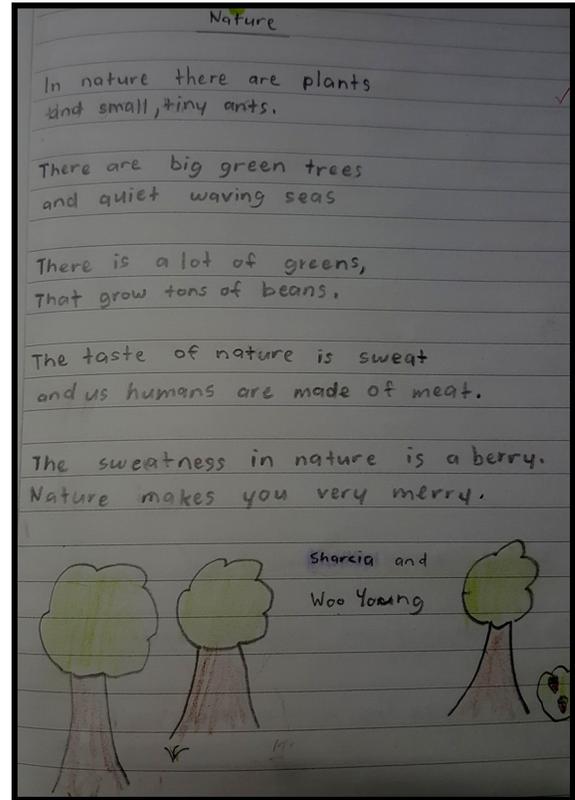

It is hard to believe that Term 2 is nearly over! In our class, we have been working really hard and have gotten so much done.

In **Literacy**, we learned about the features of Diary Recounts and wrote our own animal diaries. We have also been reading the poetry of Robert Louis Stevenson. We used him for inspiration to write our own poems, made up of rhyming couplets.

In **Mathematics**, we worked on multiplication and division strategies and used our knowledge to solve word problems. We have also revisited time, working with both analogue and digital clocks.

We wrapped up our **Science** unit on Animals Including Humans. In the last few weeks, we learned about our bones, muscles and lungs.

In **Topics**, we finished up our unit on Rivers, Mountains and Coasts. This month, we researched the famous mountain ranges of our world and learned about coastal habitats.

## Stars of the Month

Siang, Chea Luck, Ansoeng, Helen and Vattanac

## School Fair

Thank you to everyone who attended the School Fair this year. It was a great success and much fun was had by all. Year 3A managed to raise \$47 with our Boat Racing Stall. Many thanks to all parents who contributed prizes.

### Assessment Week

Next week, **11—14 March**, is our **Term 2 assessment week**. Please make sure that your child gets plenty of rest during this time.

**No homework will be given next week.**

### Open Class Morning

On Friday, **5th of April**, we will have an Open Class Morning from **8:00—9:00 am**. Year 3A cordially invites all our parents to spend some time in our classroom that morning and come see our wonderful learning and work.

### Important Dates

**7 & 8 March:** Dentist Visit.

**15 March:** Teacher Marking Day:  
No School for Students
