

*Vatanak, JingSing and Hayool*

# 1B

**Reminders!**

- ◇ PE: Monday (full time students only), Wednesday (every odd week), Friday (swimming every even week).
- ◇ March 15th is a staff in-service day. School will be closed.

**SCIENCE**

This month in science we have been exploring the properties of magnets. We have conducted many experiments, our favourite one was trying to get a paperclip out of the water using just a magnet! We also enjoyed our visit to the Butterfly Farm.

**MATHS**

This month in maths we have been learning about measurement. We have built towers of blocks and found the difference between them and learnt how to use a ruler properly. We have enjoyed playing games such as Round The World to build up our mental maths skills.

**LITERACY**

This month we have been concentrating on recognizing our tricky words during reading groups. We are all getting much better at it, and the more we read the more confident we become. We have also been learning to use describing words to make our writing more interesting. We are working hard to remember to use full stops and capital letters when we are writing.
