What's been happening in 6A?

Welcome to a New School Year

Welcome to a brand new school year with Year 6A. My name is Mr Sinan and it is my first year at ISSR. I am also joined by Ms Sreytouch who is assisting in our class.

Literacy

For the past three weeks we have been studying historical fiction, mainly Warhorse (book and film). The students fell in love with the main character, a horse named Joey (we were in tears as the movie ended). We've been focusing on a lot of creative (and grammar focused) writing tasks related to the text as well.

Maths

As we are class full of Math's geniuses, we've been having a lot of fun progressing ahead of our plan already. Starting the year off on 5 and 6 digit number place value, we've moved on to 2 and 3 decimal point values, and finally working on money problems and calculations.

Topics

Our first topic is the Indus Valley civilisation, a fascinating and complex ancient culture. We've drawn maps and written stories about the Indus Valley people, and currently we are building model houses based on the traditional style the Indus people used.

Science

We are busy learning and experimenting about all aspects of LIGHT in our Science lessons. Our experiments have broken light into the rainbow spectrum and analyzed the relationship between light and shadow.

PSHE: We are extremely passionate about the environment and care deeply about the huge problems our planet faces in the next century. Our number one "Class Value" as voted by our classroom is Environmental Sustainability, and we are focused on improving our green impact on our planet.

Year 6A

With Mr Sinan
September 2019

Top: Our class presenting their new class values, which we voted on and chose as a group. Bottom: Jiseung and Nika busy building a typical model of an Indus valley home.

Reminders

- Please remember healthy snacks are better for learning.
- Please try to avoid single use plastics and packaging .
- PLAY is extremely important for the development of a child.

Star of the Month

Our start of the month is Mongkul. Mongkul is a new student to our school. He has shown a wonderful attitude by being extremely friendly and confident in his new school. Also, since his first day he has shown an amazing work ethic and began tackling his lessons and tasks immediately with vigor. Well done Mongkul!

Our new Adventure genre library display.
