December 2019 Newsletter

Dear Parents/Guardians,

It has been really great getting to know the children more. They are all lovely in their own ways. The differences in their personalities have made the classroom fun and interesting.

Here's an update on what we have been learning in class.

Phase 1 Letters and Sounds

We have completed activities that help us monitor our own volume of sounds in the right time such as when to be loud, when to use our indoor voices and when to be quiet. We have learned words about sounds such as slow, fast, loud and quiet. I have also observed how well the children march, stamp and splash to the beat. To continue our lessons, we have moved to the topic "Rhythm and Rhyme". This topic is all about listening to stories, singing more songs, rhymes and poems, and learning some rhyming words.

The Gingerbread Man

Maths

We have been learning about "Opposites". The topic includes long and short, tall and short, many and few, one more and one less, and heavy and light. We will be learning this topic throughout December. So far, we have done long and short and tall and short.

tall - short

Topic: I am Special 2

We are still on the topic "I am Special". We are currently learning about the weather and the children have done activities like talking about the weather of the day and completing our weather booklet. We will do arts and crafts and learn songs about the weather next week. We will end the year 2019 with "Colours Everywhere" topic.

Important Event:

Our **Christmas Concert** will be on the **20th** of **Dec 2019** (Friday). The children can go home after the concert. Our class will be the first to perform so be sure to be at school before 8 am.
