THE HIGH SCHOOL NEWSLETTER

DECEMBER 2021 ISSUE

Parent Meetings

It was a pleasure to be able to receive parents to meetings in the last week of this semester. We had a much larger number of appointments than usual and these yielded very positive conversation and a great opportunity to get to know parents better.

Semester One Examinations

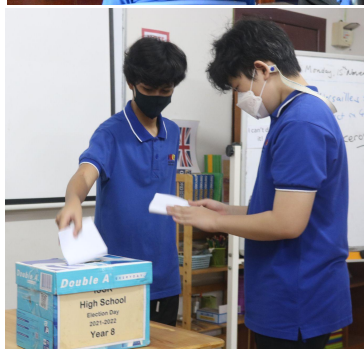

We were fortunate enough to be able to carry out our first semester exams under normal conditions on the school premises. This is vital to give students necessary practice in an exam setting.

Student Election

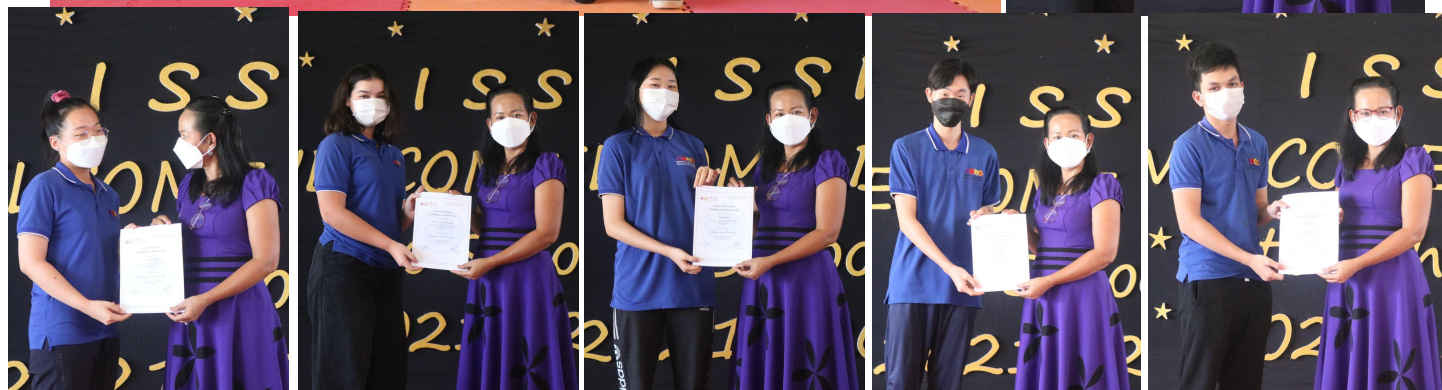

We recently held our annual High School election and were overwhelmed by the number of students putting themselves forward for positions on the Council. We would like to extend our warmest congratulations and best wishes to the winning students.

Certificate of Appreciation for the Film Crew

We were delighted to award certificates to our magnificent film crew who worked alongside Mr. Will to create an extremely professional video showing how we implement a Covid-safe environment here at ISSR.

It was a sterling effort from all involved.

Christmas Event

This year we were able to host our annual Christmas events after missing last year due to the pandemic shutdown. It was a tremendous success and students really seemed to enjoy it immensely. Students positively engaged with the range of events on offer and these raised much-needed funds for the School Council.

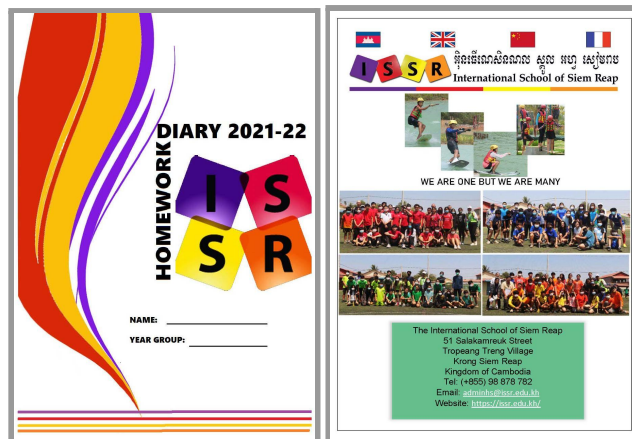

ECAs are an opportunity for students to engage in activities outside their usual subject lessons. We provide a wide variety of choices; book clubs, health and safety training, Photoshop skills being some examples.

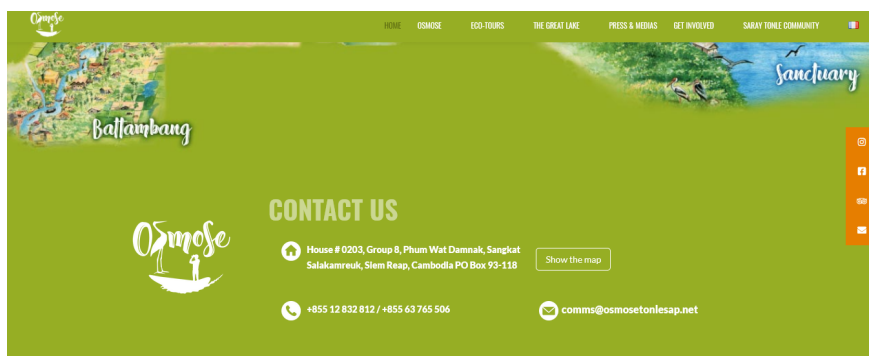

Homework Diary

Every student has a Homework Diary in which they ought to note down any work given by teachers each day. Every Friday, Home Group Tutors will be commenting on students' work and behaviour that week. It would be greatly appreciated if parents acknowledge this with their signature. It's an excellent way for staff to remain connected with parents.

Guest of Honour Presentation

We were honoured to receive a speaker from Osmose, an ecotourism and environmental education organisation based at Prek Toal, Tonle Sap.

Mr. Ke Sovan gave students an extremely informative talk on the very important conservation work done by his team.
