THE HIGH SCHOOL NEWSLETTER

APRIL 2022 ISSUE

Sports Day

Our sports day was a great success this year. Following current health and safety guidelines, we used the High School facilities this time, with the morning filled with traditional sports such as football, volleyball, table tennis and badminton. The afternoon was a fun-filled mixture of games and the students enjoyed the action-packed day immensely.

The overall winners of the sports day was Banteay Srei house, but the competition was fierce and the margin between the winning and fourth-placed team was a narrow two points. Awards and certificates were awarded to the winning teams and to individuals who particularly excelled.

Mental Health Awareness Day

From the 21st of March to the 25th of March, ISSR High School celebrated Mental Health Awareness Week. This week aimed to increase awareness about the signs children and youth may display when they have a mental health problem, decrease stigma associated with mental illness, and help people realise that help is available and treatment works.

Mental Health Awareness posters were on display around the school, as well as green decorations to symbolise support for this cause. Students came to school wearing something green on Friday and donations were made to the Centre for Child and Adolescent Mental Health.

Students Report

Student reports for Term 3 were issued on March 25th. Teachers put a lot of effort into making these documents an informative method of communication so that students and parents can see their termly performance and how they might be able to improve their results in future. I edit the reports and found when reading them that the work being done by students in their various subjects is generally of an excellent standard and what we expect at ISSR!

Mocks Exam

We have recently completed Mock Exams for students in preparation for our upcoming examinations beginning soon. These are diagnostic examinations to determine how we can improve student performance when they face the real thing. In the past couple of years we have been unable to proceed with those and had to use Mock Exam results instead. We hope that this year we will revert to the normal way of things.

The Mock Exams went well and we were very satisfied with the outcomes for the majority of our students as usual.

Checkpoint Exams

Checkpoint Exams for Year 9 are coming up very soon. They commence on Monday 18th of April. These are vital examinations which allow teachers to assess whether students are ready to progress to their IGCSE studies in Year 10. The Mock examinations went well and we feel confident that students will excel when they take the real exam.

Introduction to Boxing as an Extra Mural Activity

Our lessons are age appropriate to build your child's confidence and promote developmental growth week by week. Your child will be introduced to boxing on an elementary level which will teach them discipline and to help them to remain focused.

We also focus on fundamental skills development, such as gross motor, fine motor, strength, flexibility, balance, body awareness and concentration to promote muscle tone and dynamic skills. Your child will experience energy packed lessons for 60 fulfilled minutes once a week at school.
