Ms. Rita's Class

November 11, 2022

Dear Parents/Guardians,

It's nice to see the children again after the holidays. I'm sure the children enjoyed being with their family. Welcome back to school.

Next week, we will be doing yet another "Star of the Month" assembly. It will be held in the auditorium at 8:15 am. The children from Reception 1 will be performing. You are all invited.

SAVE THE DATE

17 Nov Thursday—Star of the Month Assembly

As a continued effort in improving our safety policy, effective Monday 14th November, we will be locking the gates as we did previously. Meaning, students will be dropped off as normal but only through the small gate and also picked up there. Parents will not be allowed to enter the gates unless they have an appointment. We thank you for your continued cooperation in ensuring our school is well managed and safe.

Phonics- To continue last week's lesson, we learned a new action song called "Haka-for children".

Numeracy- We used different exercise movements like arm stretches to help us with counting things that can not be touched.

Literacy/Topics- We continued practicing our pencil control skills to help us with writing. We also crafted rainbow sunglasses for our arts and crafts.

HOUSEKEEPING

- Please do not give chocolates as the only option for your child's snack. We encourage healthy eating habits at school. Chocolates and sweets will most likely be sent back home.
- If, by chance, your child has not eaten breakfast at home yet, please let us know. We will try our best to feed her/him during snack time.
- If your child is a picky eater, keep offering a variety of foods – it may take lots of attempts before your child accepts some foods. If your child still rejects the food, we do not force them to eat it, but we will let you know.
