20th January, 2023

## Why it is important for your child to arrive to school on time.

Being late to school has an effect on teaching and your child's learning process. It affects the schools standards, your child's academic performance and causes a distraction to students and teachers.

With this in mind **PLEASE** make sure that your child is at school **NO LATER** than 8:00am after this time your child will be marked as late.
