

Literacy

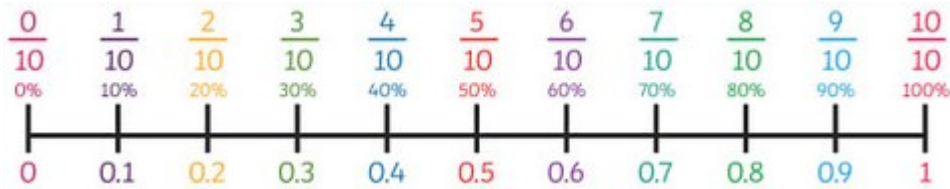

This week, the children have revisited formal and informal language in regards to their argument lesson. The children have looked further into different formal and informal vocabulary words and have used these in their formal writing and presentation.

Math

This week, the children continued practicing writing fractions in decimal forms and have ordered fractions on a number line. The children have learned how to use short division to divide 3-digit numbers by single-digit numbers.

Science

In Science, the children planned and carried out an investigation on a range of papers that explores their strength. They have recorded the results and have written their scientific reports. After the investigation, the children then decided which of these papers are best used for take-out food bag.
