

Classroom Newsletter

Year 2A Ms Jacalyn

LITERACY

What do bow, bone and boat have in common?

They all contain the long 'o' vowel sound we have been working on this week. Using patterns, rhyming words and images we have compiled a long list of words that make this sound.

NUMERACY

Odd and even numbers have kept us busy in our maths classes this week. With our bodies, classroom objects, number cards and worksheets we are able to identify which numbers are odd and which are even.

HOMEWORK

Read at least 30 minutes per week at home together.

- ✓ A spelling list will be sent home on Monday. Your child should practise nightly for the test on Friday.
- ✓ Maths work will come home on Wednesday night to be returned on Friday.
- ✓ Science work will be sent home on Friday and should be returned on Monday.

SCIENCE

We have travelled to the rainforest, deserts, grasslands, mountains and oceans of our world while exploring different habitats and the plants and animals that live within. We have been introduced to new words such as humid, equator, barren and tundra to name a few.

REMINDERS

Drop-off

The school bell rings at 7:55. Please bring your child to school on time. If you arrive after 8:05 you will need to go to reception with your child and fill out a late slip.

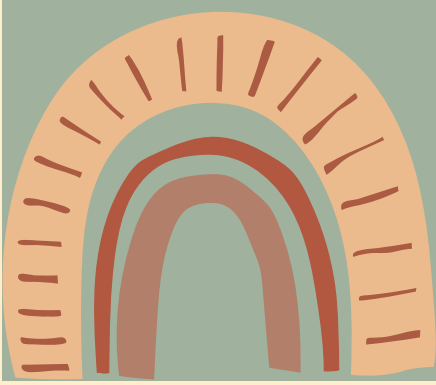

Healthy snacks and lunch

Please send your child to school with a healthy snack of fruit, vegetables, egg or crackers.

Swimming Group One

Choungkang, Sophane, Monyroth, Sunny, Vivi, Kylie, Bossa, Long Sing and Vimean
