## Welcome back!

Welcome back to school and a warm welcome to all of our new parents, we are happy to have you join the ISSR family.

I am happy to begin this new academic year with you all. As we start this journey together let us remember that we are one but we are many. We will foster a love of learning in each child, promote kindness and encourage resilience throughout the year. We will support each other, respect differences and join in on various projects during the year. I'm confident that this will be a productive and successful year.

# Why homework?

Teaches children time management skills.

Teaches priority setting

Helps teachers determine how well lessons are being understood.

Teaches problem solving skills.

Reviews class work.

Teaches children responsibility for their own learning.

Teaches children to work independently.

Teaches children how to plan, stay organised and take action.

## After school Activities

This term children have had the following choices for there after school activities:

gymnastics,  
yoga,  
numeracy,  
chess,  
art & drawing,  
Lego,  
board games,  
drama,  
swimming,  
singing,  
ICT  
reading.

These choices will be available next term, so that children can join a new activity which interests them.

Children who are involved in extra curricula activities help to boost their talents and skills in different areas. It enhances there observation skills, their ability to listen to instructions and to gain an understanding of the world around them, it builds communication skills. It also encourages children to try new activities which they would not try otherwise.

## Meet and Greet - August 18th

The Primary School and High School staff welcomed parents to the Primary Campus on Friday 18th August. All of the Primary teachers were introduced to parents and then parents had the opportunity to meet the teachers and visit their child's classroom. It was wonderful to see so many parents attend this event. We value your support.
