

Y6A NEWSLETTER

Friday 15th September 2023

SCIENCE

The Y6 class marked and revised the different body systems quiz in order to correctly identify between the respiratory system, organ system and the circulatory system.

the students then moved on to identifying manners in which surfaces and areas can become contaminated every day.

LITERACY

The students engaged in learning more about the eruption of Mount Vesuvius and how the event is displayed and explained in the form of a newspaper report.

The year 6 class learned about the structure of newspaper reports and are now busy with their planning and final written reports.

The due date for the written newspaper report is on Tuesday, 19 September 2023.

MATHEMATICS

This week, the year 6 class was busy with identifying values of variables in calculations. After this was covered, the students took part in a quiz in order to test their abilities. Next week, we move on to common multiples.

Swimming with Ms. Kira

This week, the group practised their front-crawl arm movement and did drills to improve their side-to-side breathing. Then they did races on our boards and learnt some artistic swimming techniques to improve our balance 😊

Next week's swimming group:

Year 6A: Shinobu, Kim Heng E, Sebastien, Kimheng T, Dawin, Tepy, Viseth, Hong Kim

Swimming Reminders:

- MAKE SURE TO BRING YOUR SWIMMING SUITS/ SHORTS AND SWIMMING SHIRTS.
- BRING YOUR CAPS, GOGGLES AND FLIP FLOPS
- MAKE SURE TO BRING EXTRA CLOTHES TO CHANGE INTO AFTER SWIMMING.
- BRING YOUR TOWELS.

DON'T FORGET

- The bell rings at 7:55 am. Please arrive before the time.
- Healthy foods help with childrens' growth and development. Always pack healthy food for your child.
- Students are reminded to complete the Mathematics homework, the Newspaper report for English, and for the Global Perspectives students, the research task.
