Year 2A Ms Jacalyn

LITERACY

The Ugly Duckling continued to be a focus for us this week. We practised tricky words such as quarrel and gaze and tried to work them into sentences throughout the day. Can you practise these together? I will be gazing with amazement at all the beauty Siem Reap has to offer this week!

NUMERACY

Our exploration of telling time continued this week. During the holiday please encourage your child to read the time on both digital and analog clocks and to time various activities. I wonder which member of 2A will drive for the longest period of time?

HOMEWORK

This holiday please spend time reading together with your child. Any book, in any language is a fantastic way to improve reading, speaking and to spend time together.

SCIENCE

The bean seedlings are coming home this week. You can plant them in the garden or keep them in the cup and observe the life cycle of the plant. We were invited to the science fair by Y5 to see their incredible animals!

ASSEMBLY

We were lucky enough to watch performances from the Khmer program in an assembly dedicated to Pchum Ben.

REMINDERS

Pchum Ben Holiday

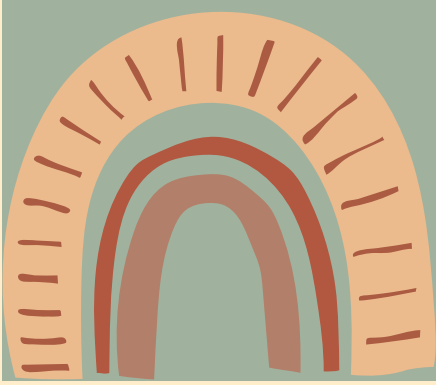

Wishing you and your family a safe and happy holiday! Remember to get lots of rest, eat healthy food and spend some quality time together.

Swimming Group 2

Choungkang, Sophane, Monyroth, Sunny, Vivi, Kylie, Bossa, Long Sing and Vimean

Please remember goggles, swimsuit, cap and extra clothes.
