This week in Nursery

In **Phonics**, we have been learning to join in with words and actions to nursery songs, articulate words clearly, keep in time with the beat, and copy the sounds and actions. We aim to develop a wide repertoire of songs and rhymes.

In **Numeracy**, we focused on counting up to 10 objects. We have been learning to count things that cannot be touched like claps, jumps, pats and sounds.

In **Topic/Literacy**, we looked at "Jungle Animals". We painted our jungle animal masks and role-played with them. We also had a wonderful time creating our mini jungle and remembering what animals live in that habitat.

School Fair - Saturday, 18th November 2023

Nursery and R1 are teaming up at the annual school fair to bring you the Balloon Pop! game. Please help our stall by donating prizes, such as balloons, pens, notebooks, stickers, colours, small toys, or gift cards. Please hand in your donation by November 17th. All donations are greatly appreciated.
