Year 2B with Ms Lucy

Friday 6.10.23

MATHS

In maths this week, we have been learning all about time. First we revised the months of the year and practised using a calendar. We then learned about units of time. We had great fun estimating and timing different activities such as running a lap of the pitch, singing the alphabet or counting to 100.

LITERACY

This week we have been reading the story of "The Ugly Duckling". We read the story together and then answered questions to demonstrate our understanding. We were able to sequence the story in the correct order, and had fun acting out the story using stick puppets that we made. All of the puppet shows were very entertaining!

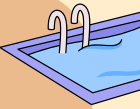

SCIENCE

This week we have been discussing what humans need to keep healthy. We learned about the different food groups, and what a balanced and healthy meal looks like. We designed our own healthy meals, which look super delicious!

Swimming

This week group 2 will be swimming:

Lanika, Narith, Stanley, Sokunthea,
Sovannreach, Kim You, Na Na,
Sivkim

Notice

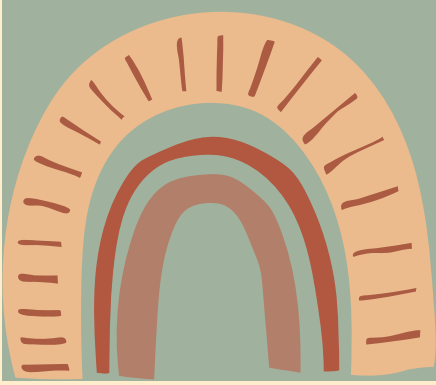

Dear Parents,

On Thursday 12th of October, school will finish at 3pm. I'd like to take this opportunity to wish everyone a happy holiday!

Best wishes,

Ms. Lucy
