

Classroom Newsletter

Year 2B with Ms Lucy

Friday 10.11.23

MATHS

This week we learned all about 3D shapes. We learned the names and the properties of each shape. We are able to sort the shapes by the number of faces, vertices and edges. We also had fun creating our own 3D shapes. There was excellent problem solving and teamwork, well done everyone!

LITERACY

This week we enjoyed reading different books online. We worked in pairs to sound out tricky words in the story and then completed activities about the books to demonstrate our understanding of the text.

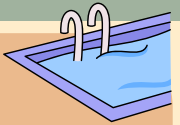

SCIENCE

This week we learned about measurement. First, we used our hands and feet to measure the length of different objects in the classroom. We then practised measuring different lengths accurately using rulers. We also had fun weighing various objects using a large scale. We made predictions on what items would be heavier or lighter, and then tested our theories.

SWIMMING

Group 2 will be swimming this week:

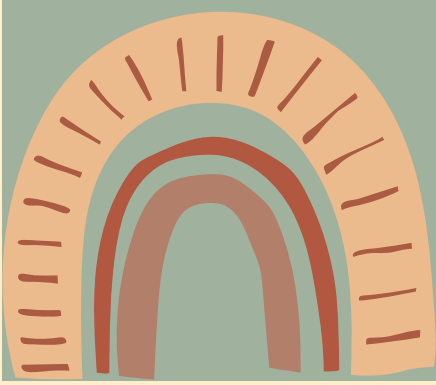

Lanika, Narith, Stanley,
Sokunthea, Sovannreach,
Kim You, Na Na, Sivkim,
Kekhao

STARS OF THE MONTH

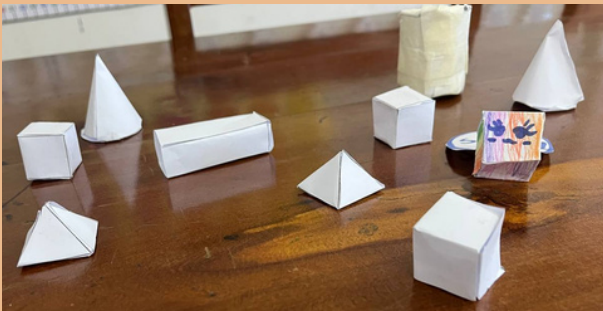

**Congratulations to Ellie,
Narith and Lanika!**

Weekly Photos

Maths

We are excited to see everyone at the school Fair!

HAPPY
BIRTHDAY

Happy birthday Lanika!
We hope you had a wonderful day celebrating.
