SCIENCE

In this week's science lesson, we delved into the fascinating world of skeletons and explored their various functions.

Following our discussion, we engaged in a hands-on activity where we crafted a model of a skeleton using cotton buds.

LITERACY

In our literacy class, we focused on developing our reading skills by practicing reading aloud with expression. We learned to adapt our pace and volume to suit the content, bringing the text to life.

Additionally, we worked on understanding characters and settings, as well as making inferences based on the information provided in the text.

MATHEMATICS

During our maths class, we explored the concepts of multiplying and dividing by 10, 100, and 1000. We learned techniques to easily manipulate numbers when scaling them up or down by these powers of 10..

Additionally, we practiced rounding numbers to the nearest 10, 100, 1000 and 10000. This skill helps us estimate and simplify calculations, making our mathematical processes more efficient.

**Exploring the World
Through a Creative Lens:
Unleashing the magic of
Viewfinder in Arts and
design.**

**“Next Week’s Schedule for Swimming
and PE Groups”**

Swimming (Group 1)

**Makoto, Jinxin, Pun, Sopheak,
Moni, Zheng, Jason, Puthiseth,
Diana, Ariya, Justin, Kimseng,
Pantee, Benny**

PE (Group 2)

**Huyly, Diyana, Ratanak, Sak, Rida,
Steven, Angelina, Siveyou, Anna,
Lee Hai, Rothna, Penghour**

DON'T FORGET

November 26-28 Water Festival Holiday

December 15 - Christmas Concert

December 15- January 5- Christmas Holiday

January 8 - Start of Term 3
