PRIMARY SCHOOL

YEAR 6 FIELD TRIP TO SINGAPORE

What an unforgettable experience it has been for our students on the ISSR Singapore International Field Trip.

From exploring Jewel Changi Airport and visiting Merlion Park, to watching the beautiful Spectra Light and Water Show, every day has been filled with excitement, learning, and memorable moments together.

One of the biggest highlights of the trip was our visit to West Spring Primary School, where our students had the opportunity to interact with students and staff, learn more about the Singapore education system, and tour the school campus. We would like to sincerely thank all the staff at WSPS for warmly welcoming us and most especially to Ms Ivine for making this visit possible and organizing such a meaningful experience for our students.

Our journey also brought us to the peaceful Thian Hock Keng Temple and Buddha Tooth Relic Temple, the beautiful flower displays and Cloud Forest at Gardens by the Bay, the fascinating dinosaur exhibits at the Lee Kong Chian Natural History Museum, and the interactive activities at Science Centre Singapore.

A special thank you as well to our patient and knowledgeable tour guide, Ms Munyi, for sharing so much information with us throughout the trip and helping our students learn more about Singapore, especially its educational system and culture.

We would also like to extend our heartfelt thanks to all ISSR parents for your continuous support throughout the planning process and during the trip itself. Your trust, encouragement, and support have truly meant so much to us, and we are grateful to have such wonderful families supporting our students every step of the way.

More than just sightseeing, this trip has been a valuable opportunity for our students to grow in independence, confidence, teamwork, and curiosity while creating unforgettable memories together.

ANNUAL 2026 SWIMMING GALA

Our Annual 2026 Swimming Gala at ISSR Primary School was a truly outstanding celebration of swimming excellence, sportsmanship, and school spirit.

We extend our sincere thanks to our dedicated teachers and support staff, our talented students, and our supportive parents for making this event such a memorable success.

Congratulations and well done to everyone who took part.

MOTHER'S DAY

This Friday, our Year 1B students proudly performed a special Mother's Day presentation to celebrate the wonderful mums in our school community.

Over the past few weeks, the children worked very hard to prepare their songs and performance. They were excited and proud to share this special moment with their mothers.

The morning was filled with smiles, love, and heartfelt moments. We were especially proud of the kindness and care shown by both the children and the mums, reflecting the warm and supportive spirit of our ISSR community.

A big thank you to all the mums who joined us and made this celebration so meaningful for the children.

Happy Mother's Day to all our amazing mums!

HEALTH AND SAFETY

On Saturday, 16 May, ISSR Primary School successfully carried out pest control measures to ensure that mosquitoes and other insects are effectively managed. This initiative was undertaken to enhance safety, reduce the risk of potential infections, improve overall school hygiene, and create a more conducive learning environment for our students.

ANNUAL SPLASH DAY 2026

Our Annual Splash Day 2026 at ISSR Primary School was conducted smoothly and successfully.

The Early Years pupils thoroughly enjoyed each activity.

We would like to extend our sincere thanks to our dedicated teachers and support staff, our talented pupils, and our supportive parents for making this event such a truly memorable success.

OPEN DAY

It was a truly wonderful day, with our Open Day running smoothly and efficiently. Parents and students thoroughly enjoyed the activities organised by the school, as well as exploring our classrooms, which were thoughtfully presented by our experienced teachers and leadership team.

We would like to extend our sincere thanks to our staff and teachers for their dedication in preparing and delivering such a high standard of service.

Finally, we are most grateful to all parents and students for taking the time to join us.

FIRE DRILL PRACTICE AT ISSR PRIMARY SCHOOL

To ensure the health and safety of our students and staff, a fire drill was conducted at ISSR Primary School this week.

This was the second unannounced drill carried out this year. The entire procedure was completed efficiently, with all pupils and staff evacuated promptly and safely. We would like to express our sincere thanks to all staff and students for their cooperation and participation.

Introducing the Cambridge Primary Curriculum on Climate Change

We are very happy to share exciting news about an important development in our teaching and learning programme. Beginning the next academic year, our school will introduce elements of the Cambridge Primary Curriculum focused on Climate Change, supporting our commitment to educating responsible, informed, and future-ready students.

Why Climate Change Education Matters

Climate change is one of the most significant challenges facing our world today. By learning about it from a young age, children can develop an awareness of environmental issues, build their critical thinking and problem-solving skills, understand how their daily choices impact the planet, become responsible global citizens.

What is the Cambridge Primary Climate Change Curriculum?

The Cambridge approach integrates climate change education across different subjects rather than teaching it in isolation. This means students will explore real-world issues through engaging, age-appropriate learning.

What Will They Learn: Through this programme, students will:

- Understand basic concepts of weather, climate, and environmental change
- Explore causes of climate change, such as pollution and deforestation
- Learn about the effects on people, animals, and ecosystems
- Discover solutions, including recycling, energy saving, and conservation
- Take part in practical activities and projects

How Learning Will Happen: Lessons will be interactive and student-centered, including:

- Hands-on experiments and classroom projects
- Group discussions and problem-solving activities
- Creative work such as posters and presentations
- Outdoor learning and environmental awareness activities

How Parents Can Support at Home: We encourage families to be part of this learning journey. You can:

- Talk with your child about protecting the environment
- Encourage simple actions like saving water and reducing waste
- Participate in school eco-activities when possible
- Model environmentally friendly habits at home

Our Aim: Our goal is not only academic success but also to nurture responsible, caring young individuals who will contribute positively to their communities and the world.

We are proud to take this step in preparing our students for the future and deeply appreciate your continued support.

If you have any questions or would like more information, please feel free to contact the school.

UPCOMING EVENTS

- **Parents Meeting:** Monday to Wednesday 15th to 17th June
- **Graduation Ceremony (Year6, Year 11 & Year13):** Saturday 13th June
- **English Department Class Party:** Monday 15th June
- **Khmer Department Class Party:** Tuesday 16th June
- **End of the School Year Concert:** Friday 19th June
